

## MEN, WAKE UP!

IS YOUR BACK WEAK?  
HAVE YOU DRAGGING  
PAINS?  
ARE YOU EASILY TIRED?

Have you lost the fire and strength of youth? Have you "come and go" pains in your back and shoulders? Are you growing old too soon? If you have these symptoms or any other sign of breaking down of your nerves and vitality, you will find new life in Electricity as applied while you sleep.

### Dr. McLaughlin's Electric Belt

Is made for you. It is the best way to use Electricity. It pours a gentle stream of life into the weak parts continually for hours every night. It refreshes the nerves, expands the vital powers, enriches the circulation and makes you feel bright, active and vigorous in one night's use. You get stronger each day, and in a few weeks you are a new man, stronger and younger in the fire of youth. It is grand, this method of mine, and every man who has ever used it is praising it.

WORTH TEN TIMES WHAT HE PAID FOR IT.

Marshall, Cal., Dec. 26, 1903.  
DR. McLAUGHLIN—Dear Sir: I have used your Belt for about two months, and must say that it has cured me entirely. I feel like a new man now and can do a hard day's work easily. There are no more pains in my back and arms, and that tired feeling has gone. I am sure that the Belt has been worth ten times more to me than I paid for it, and if you wish you may use my name, for I will be glad to recommend the Belt. Gratefully yours, ARNOLD F. BERRI.

Don't delay trying it. Your future happiness depends on your checking this drain upon your vitality, so stop it now and you can be sure of a long and vigorous life, full of the joys of a healthy vigor. Don't drug. Drugs can't cure you, as you know, if you have tried them. My Belt cures because it increases your nerve power and vitality. Electricity renews the youthful strength; that cures. Send for my beautiful illustrated book, telling about my method. I send it, sealed, free. I have 50,000 cures. Write today. Send this ad.

## COMMERCIAL MEN GIVE IDEAS OF IMPROVEMENT

(Continued from page 5.)

Makena, Maalaea Bay, Lahaina, Kaaupali, Maunalei, Lanai, Molokini, north of Kahoolawe, and south of Kahoolawe. Regarding Lahaina light we would recommend that the same be reconstructed in such a manner as to be infallibly distinguished from all other lights in that vicinity.

Fourth. We would recommend the construction of a breakwater at Kahului to extend from the shore to a point now commonly known as the American Girl Rock, or a distance of 2,600 feet. The construction of such a breakwater would afford perfectly safe anchorage for numerous vessels, and will besides make possible the construction of permanent and commodious wharves, an undertaking which has so far been rendered impossible by the absence of a breakwater. Exhaustive surveys have been made at the instance of the Kahului Railroad Company, which prove beyond a doubt that the construction of a breakwater is not alone highly feasible, but that the same can be undertaken and carried on to a successful finish for a sum not exceeding \$250,000. We would therefore recommend the appropriation of the above-named amount for a breakwater at Kahului.

In support of the above recommendation we would respectfully set forth the fact that the value of the exports and imports of Kahului alone amounts to some \$6,000,000 per annum. In addition the value of ships, owing partly to their large tonnage, and to the fact that at the time of their arrival they already contain large and valuable cargoes, must be from three to four times the value of the Kahului business.

Respectfully submitted.

## JUDD AND FORT ST. EXTENSION NEEDS

At the meeting of third precinct, Fourth District Republicans, at C. W. Booth's house the other night, the following resolutions were unanimously adopted:

HONOLULU, Dec. 29, 1904.  
Hon. George R. Carter, Governor of the Territory of Hawaii, Honolulu, H. T.  
Sir: Your petitioners, who subscribe hereto, submit the following facts and prayer, viz:

Whereas, there is a great desire amongst the taxpayers of this precinct to facilitate traveling, and to open up properties not in the vicinity of the present government road, and also to complete, as you may say, the road improvements now under way; and,

Whereas, this fact creates not only a benefit to our precinct, but also to the community at large, it would present to the public a driveway to be highly appreciated, valuation of property would naturally increase, and, consequently, more taxes; and,

Whereas, appropriations should be made by the Legislature sufficient for all labor and material, for the construction of macadamized roads, bridges, etc.;

First, extension from Judd street across Nuuanu stream, between Elekoki and Hanauwaka to the present Pauoa bridge; second, extension of Fort street from its junction with the Pauoa road straight up into the Valley of Pauoa, to and beyond Kaakaukui, thence forming a horseshoe at the mauka section of the valley, thence down the Waikiki side of the Pauoa stream, connecting with the present Pauoa road in front of the school house, thence on a straight line to the Pauoa bridge, connecting with Punchbowl road; third, we recommend also, believing that the property owners in upper Nuuanu Valley, from Judd street mauka to Hanauwaka, will donate the necessary land—that said portion of Nuuanu Valley road should be widened ten (10) feet on each side, in order to make room for the car line, which is essential to the large element that live in this distant section.

Your petitioners accordingly pray that your Excellency will instruct the Superintendent of Public Works to make the necessary surveys so as to obtain an intelligent estimate to present to the coming Legislature, for the construction of these road improvements.

And your petitioners ever pray, etc.  
Approved by the officers of the third precinct, Fourth District Republican Club, as ordered by meeting of the club held at the residence of Charles K. Booth at Pauoa.

## Fix Things Up

You have had your Christmas dinner and the man of the house has spent one whole day at home. He has noticed that new window shades are needed, that brass rods would look better than old poles on which to hang dainty window curtains. He has remarked about that broken rocker laying on the back lanai and perhaps said that a new couch cover would look better than the old.

There are a thousand and one little things about every house that need fixing up at the first of each year. We fix all of these things and supply new things for those that cannot be fixed. We have trusty workmen, men who have been engaged about Honolulu houses for over twenty years.

We have linoleum for your bathrooms.

We have mattresses, or make them, in any style, of any material, and to fit any bed.

Ask us to figure on these matters for you.
